

Dear Mrs. Mortenson,

I can't stop wishing we could go back on our field trip again. It was so fun! I am so grateful to you for letting us go and especially because we got to go snorkeling. Can we go again? I keep reminding my little brother not to throw trash on the ground because it can end up in the ocean and kill the fish and the coral. Please let us come again? And can I bring my little brother Terari so he can learn too?

---

Sincerely Talata

~~NO TRASH~~
